## Training Programme 2019 Child Outcomes Research Consortium (CORC)

### About Us

The Child Outcomes Research Consortium is the UK's leading membership organisation that collects and uses evidence to improve children and young people's mental health and wellbeing.

Our mission is to promote the meaningful use of evidence to enable more effective child-centred support, services and systems to improve children and young people's mental health and wellbeing.

CORC has over ten years' experience in bringing together theoretical knowledge on outcome measurement and relating this to the insights and expertise developed by practitioners working with children and young people on the ground.

Our experienced trainers are engaged with the latest research and draw on real-world examples from CORC members and beyond to bring theory to life and ensure that participants gain practical, relevant knowledge to apply in their own working context.

### Training Types

Our training programme supports professionals to build their knowledge and expertise in using outcome measures to improve the services they provide for children and young people.

#### Core Training

Select a course that best suits your needs and join other individuals through webinars or regional trainings to explore and develop your understanding and skills on the use of outcome and feedback measures. Please visit [corc.uk.net/training-events](http://corc.uk.net/training-events)

#### Tailored Training

CORC can deliver training courses designed around the specific interests or needs of your service or group of services/practitioners. If you are interested in exploring this option please do get in touch with us - [corc@annafreud.org](mailto:corc@annafreud.org).

#### Events

Find out about our many networking opportunities, from our annual CORC Forum to our Regional Seminars. Bringing together members and colleagues from the research and mental health sector, our networking events feature inspirational speakers, exciting topics and discussions. Please visit [corc.uk.net/training-events](http://corc.uk.net/training-events)

#### Online Training & Resources

Visit our Resource Hub - an accessible and free platform for individuals looking for information on how to measure children and young people's mental health and wellbeing. Please visit [corc.uk/net/information-hub](http://corc.uk/net/information-hub)

### Event Highlights in 2019

*Thoroughly enjoyable. The amount of knowledge of presenters regarding research, services, useful information was mind-blowing.*

*Very useful session with a balance of theoretical and practical approaches.*

*Given me a lot more knowledge and understanding about outcome measurement.*
