Multi-level map of change, impact and feedback

Find out more about this project: https://www.corc.uk.net/outcome-experience-measures/feedback-and-outcome-measures-for-children-and-young-people-with-learning-disabilities/

Includes acceptance, awareness, attitudes at societal level; recognizing the bi-directional nature of influence across all these levels in terms of what helps, what gets in the way and how we can

Includes involvement of children, young people and families in the 'what' and the 'how', as well as delivering formal and informal training and measuring impact; evaluation and evolution in practice and services; formal research.

Includes innovations in early years settings/ school/academy/college; specialist teams; multiagency collaborations; generic health services; the legal system; voluntary and community groups.

Includes individual's development, care, education; physical, emotional, social health/ wellbeing; safety; participation in the legal system and all aspects of community involvement.
